

Join Our Digital Communities' Scrapbook

The Chicago History Museum (CHM) is working on a project called *Aquí en Chicago*. The project and resulting exhibition celebrates the historically persistent cultural presence of Latine (Latino) communities in Chicago. Part of this project is an exhibition that will open in October 2025. To learn more, please visit <https://www.chicagohistory.org/aqui-en-chicago/>

You're invited to be a part of the exhibition through our Digital Communities' Scrapbook. The Scrapbook will appear in the gallery as a digital interactive where visitors can view photos and also share their own.

We invite you to share memories of important people, places, and events in the Latine (Latino) history of Chicago by **emailing us up to five images**.

- Please use **.JPG** or **.PNG**.
- Please **share any basic information** in the body of the email:
 - Who is in the picture?
 - What is the location?
 - What is the date / approximate date?
 - What is happening in the photo?
- Please include a one sentence **caption** for your picture.
- Photos taken on a mobile device are perfectly acceptable.
We can also scan photos for you!

The sooner we receive your materials, the more likely they will be available to visitors when the exhibition opens, but **there is no deadline**.

If you have any questions or would like to schedule a scanning session, please contact:
